Sadržaj / Table of Contents

From the Editor's Desk .....	1
Michael Idvorsky Pupin .....	2
<i>A. Marinčić</i>	
Numerical Calibration and De-embedding Techniques for CAD and Equivalent Circuit Models of Electromagnetic Structures .....	7
<i>K. Wu, L. Li</i>	
Application of Technique for De-embedding of s- parameters Based on Reflection Coefficient Calculations in WIPL-D Environment .....	20
<i>B. Kolundžija</i>	
Software Architecture for Circuit Simulation .....	25
<i>S. Mass</i>	
Electromagnetic Shielding Properties of Carbon Fibre Composites in Avionic Systems .....	29
<i>S. Rea, D. Linton, E. Orr, J. McConnell</i>	
Experimental Study of Scattering at Large Radio Anechoic Chamber .....	33
<i>Yu. Belov</i>	
Microwave Applicators for Medical Applications: Imaging and Thermo-therapy Treatment .....	43
<i>J. Vrba</i>	
Report on YU IEEE MTT-S Chapter Meeting .....	47
Elected YU IEEE MTT-S Chapter Representatives .....	48

**Mikrotalasna revija**
