

Sadržaj / Table of Contents

Editor's Note.....	1
Application of Neural Networks: Enhancing Efficiency of Microwave Design..... <i>Z. Raida, P. Šmíd</i>	2
Artificial Neural Design of the Microstrip Antennas ..... <i>N. Türker, F. Güneş, T. Yildirim</i>	10
Power Amplifier Behavioral Modeling Strategies Using Neural Network and Memory Polynomial Models..... <i>E. R. Srinidhi, A. Ahmed, G. Kompa</i>	15
ANNs in Bias-Dependent Modeling of S-parameters of Microwave FETs and HBTs ..... <i>Z. Marinković, A. Stošić, V. Marković, O. Pronić</i>	21
Neural Models for Electromagnetic Field Strength Level Prediction - Application in RF Communications ..... <i>B. Milovanović, Z. Stanković, M. Sarevska, A. V. Jovanović</i>	31
Negative Refractive Index Metamaterials: Principles and Applications ..... <i>Z. Jakšić, N. Dalarsson, M. Maksimović</i>	36
High Efficiency Patch Antenna for 24 GHz Anticollision Radar..... <i>M. Slović, B. Jakanović, B. Kolundžija</i>	50
Report on the main chapter activities in 2005 .....	54

**Mikrotalasna revija  
Microwave Review**

Časopis udruženja za  
mikrotalasnu tehniku i tehnologiju i  
IEEE MTT-S Chapter-a Srbije i Crne Gore

Publication of Society for Microwave  
Theory and Technique and IEEE MTT-S  
Chapter of Serbia and Montenegro

Izlazi dva puta godišnje  
Published twice a year
