

Notice of Violation of Microwave Review Publication Principles

After a careful and considered review of the content and authorship of this paper by a duly constituted committee, this paper is found to violate Microwave Review's and IEEE's Publication Principles.

This paper is a duplication of the original text from the paper cited below. The original manuscript in Russian written by completely different authors was translated into English and published without permission.

Due to the nature of this violation, reasonable effort should be made to remove all past references to this paper, and future references should be made to the following article:

Andropov A., Kuzmin S. Radiation Pattern Synthesis Method of Antenna Arrays with an Arbitrary Arrangement of Radiating Elements. Proc. of Telecom. Universities. 2022; 8(2):15–28. (in Russ.) DOI:10.31854/1813-324X-2022-8-2-15-28.
